
gitstats

Plot github stats

Description

Plots the total number of forks and stars for all repositories of a user or organization.

Usage

```
gitstats(id = "hadley", type = c("users", "orgs"), max = 20)
```

Arguments

id	name of the github user or organization. Default: "Hadley"
type	either "users" (default) or "orgs"
max	maximum number of repositories to plot. Default: 20, max: 100

Author(s)

Scott Chamberlain, Jeroen Ooms

Examples

```
## Not run:  
gitstats(max = 10)  
gitstats(max = 40)  
gitstats(id = "jeroen", max = 30)  
gitstats(id = "ropensci", type = "orgs", max = 70)  
  
## End(Not run)
```
